

Course for Cambodian parliament on climate politics

Project Title: P274 - Scenario-guided policy and investment planning for food- and nutrition-secure futures under climate change

Description of the innovation: In 2018, a 10 month program was organized for the members of the Cambodian Senate and the Parliamentary Institute of Cambodia on climate change, climate politics and climate negotiations. The course was successfully implemented and led, among other things, to a Brief to the Senate by the President of the Senate on climate change, agriculture and food security.
